Victorian PROJECTS

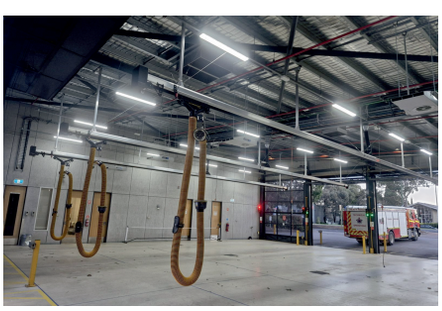

CAPABILITY STATEMENT

Design and construct mechanical for builders.

WHAT WE DO	We specialise in design and construct projects.
HIGH END HOMES	We work with architect driven homes from $5M build cost and up.
COMMERCIAL	Schools, offices, childcare, factories, sporting pavilions and clubs; fit-outs, refurbs, aged care and medical.
EXHAUST EXTRACTION	Installs Australia wide and in New Zealand.
SERVICE AND MAINTENANCE	Planned maintenance, breakdowns answered, service reports for the next audit.
HOW WE WORK	In-house design and engineering, and our own sheet metal workshop. Shop drawings, ITPs and commissioning records as standard.
WHERE WE WORK	Melbourne CBD and the southeastern suburbs down to Portsea.

WHAT EVERY JOB PROVES

01 On-time delivery

02 Clean installs

03 Fewer callbacks

04 A tidy site
